## Sea Freight and Air Freight Consolidation

### We offer Ocean (Sea) Freight and Air Freight Consolidation.

-Buyer's consolidation: we can consolidate cargo in our network of warehouses until you have enough to fill your own container. This includes refrigerated (temperature controlled) warehousing for cargo consolidation.

-LCL (less than container load) Shipping including inland transportation from you or your supplier's door

-FCL (full container load) Shipping: we offer door to door multi-modal freight services. We can deliver the container to you or your supplier's facility for loading

### We have experience in all types of commercial cargo including, but not limited to:

- Construction Equipment
- Machinery
- Auto Parts
- Exhibition Materials
- Sports Recreational Equipment
- Oil and Gas Equipment
- Retail Products (e.g. FMCG like food/beverage, cosmetics, household products)
- Flexi-Tanks and ISO-Tanks
- Other Commercial Equipment (such as Kitchen Equipment, Furniture, Tiles, Piping, etc)

Whether the cargo is hazardous or not, large or small, heavy or light, on an L/C (letter of credit) or not, we have the experience and customer service to handle your shipment.

## Buyers Consolidation

If our customers receive cargo from multiple suppliers, we can consolidate their goods by our consolidation services. Consolidation services organising their supply chain in a leaner and more efficient way.

### OPTIMISED UTILISATION THROUGH CONSOLIDATION

We optimise the utilisation of containers as part of our consolidation services. Dedicated containers are packed and sealed for final delivery at the customer's premises or straight to the end users with our Distribution Centre ByPass Programme. We basically turn multiple LCL shipments into FCL shipments.

### CONSOLIDATION SERVICES REDUCE COSTS

With our buyer's consolidation services, you will have reliability, less cargo handling and fewer units to handle at your end destination. Buyer's consolidation services give you reduced costs and environmental savings and offer full transparency in a more simplified manner compared to multiple LCL shipments.

## Door Delivery of larger shipments and courier express through rewind Courier companies.

Door to Door delivery is the most common and convenient way of shipment for the customer. In this case the customer is free of all the arrangement related with the Air freight or Sea freight shipments AGL is in-charge of all the process beginning with collection of cargo from shipper's ware house or factory bringing same to the nearest Air Port or Sea Port, Customs clearing same for Exports in the country of origin palletizing for air freight or stuffing of cargo in containers for sea freight.

Handing over the customs cleared cargo to Air Lines or Shipping lines at the Warehouse, CFS or Port, getting same loaded onboard the Air Craft or vessel, issuing the HAWB, HOBL, SHIPPING BILLS and other Export related documents to shipper, making arrangement to receive the cargo at final Air Port or Sea port, customs clear same and then arrange to deliver the cargo at the Door of the Final consignee. Door to door delivery is most of all convenience and speed of the process. We will provide you with all the documentation support in every step of the process.

## Customs Brokerage

AGL are Customs Clearing Agent is offering Customs Clearing Services and handling DDU/DDP, FTWZ Clearance, Project/ODC Clearance, Special Equipment Clearance, Break Bulk Clearance and Bulk Vessel Clearance, Charter vessel, Air Charter Plane clearance Activities to help the clients for their Import and Export Customs Clearance requirements by AIR or OCEAN. AGL Clearance Team has combined experience of over 4 Decades and keep themselves updated with latest Customs clearance process regulations and procedures. We handle clearance of consignments by AIR, OCEAN, and COURIER CLEARANCE.

We can clear all types of shipments, major or minor, to/from across the globe to the utmost satisfaction of clients due to our long years of expertise and wide exposure in custom clearance services. Our personnel are well versed with the challenging needs and changing demands of today's complex business. They deal with your day to day problems and formalities involved in the respect of customs clearance of your import and export cargo. We handle commodities like chemicals, Automotive parts, engineering Goods, Machineries both OLD and USED and New Trading Items, IT goods, Medical Equipment, Perishables Telecommunication Equipment, Aircraft Spare parts and engines, this list can be endless.

Let us architect according to your **needs**.

## Project Consultancy Services

**What do you need shipped?**

**Where do you need it shipped to?**

These are the two main questions that drive our Project **Forwarding Consultancy** services. We discuss all the aspects of your cargo and freight shipping needs. We work every angle to ensure fast, cost-effective, on-time shipments. Large size, heavy weight, and time-sensitive shipments are no issue, so your freight moves when you want it to.

Our consultants work with you to find the best solution for air freight forwarding. We analyze the nature of your cargo, including its size and weight. We contact multiple airlines to find the best shipment rates. When the right timeline and cost match your budget, we present you with the options. This ensures a low cost coupled with timely and reliable deliveries. While there are a lot of freight forwarding services out there, none compare to our team of professionals.

So let us show you how we meet your needs at AGL.

- ✚ Break-Bulk Shipping Options
- ✚ Flexible size, weight, and timing options
- ✚ Door to Door, Multimodal Transportation
- ✚ Fast, Efficient Service
- ✚ Worldwide Consolidation Services

## PROJECT HANDLING

FROM SMALL PACKAGING TO OUT OF GAUGE CARGO

We are one of the market leaders in Project Freight Management, which has developed largely through our involvement in high profile projects for the Oil & Gas and Wind Farm construction industries. We provide forwarding and logistics services for the movement of materials and oversized equipment for a wide variety of sectors, including Oil & Gas, Mining, Energy and Construction.

We have a highly experienced and hands-on Management Team and project personnel, who fully understand the specific requirements of individual projects. Our services are tailored to meet the clients' individual requirements in accordance with the highest HSQE, social responsibility, compliance standards and Risk Management Policies.

We offer consulting, planning, preparation and execution capabilities all in one personal service, from inception to Packing and then marking labeling booking and door delivery.
